## Marshall B. Ketchum University's DMSc PA Medical Education Concentration

This concentration is designed for PAs who currently serve or aspire to serve in PA education, developing their expertise in education theory, teaching methods, and scholarly approaches to medical education. The Marshall B. Ketchum University's DMSc PA Medical Education Concentration is structured to equip PA faculty with the skill needed for academic success. Its curriculum aligns with PAEA's defined competencies for PA educators, including teaching, learner-centered approaches, interprofessional communication, professionalism and role modeling, curriculum and program design, program evaluation, scholarship, leadership and mentorship.

## Marshall B. Ketchum University's DMSc PA Healthcare Administration and Leadership Concentration

This concentration is designed for PAs who serve or aspire to serve in various roles within the health system, including clinical management, administrative, and executive leadership positions. The Healthcare Administrative and Leadership Concentration aims to equip PAs with the skills necessary to excel as leaders in their healthcare delivery or other healthcare-related organizations. The curriculum aligns with the American College of Healthcare Executives (ACHE) competencies, which include leadership, communication and relationship management, professional and social responsibility, health and the healthcare environment, and business.
