

PROMOTION

Promotion is defined as progression from one academic year to the next.

- If remediation is granted, any grades of “F” should be resolved by the end of the subsequent quarter.
- A student will not be recommended for progression to APPEs with any unresolved grades of “F” on their academic record.
- While a student is appealing a decision of the APPC, the original earned grade remains in effect.
- Professional, ethical, and personal conduct, as well as compliance with Individualized Plan for Academic Success System (IPASS) policy, will also be evaluated when considering a student for promotion.
