

# STUDENT INVOLVEMENT

---

## Student Association Board

The responsibilities of the Student Association Board Officers are to gather and express student opinion, assist in the placement of student members of University-wide student committees, act as a liaison to the student body, and promote the profession of pharmacy. All officers must be in good academic standing for the duration of the term of office.

## Student Organizations

Approval and recognition will be given to organizations dedicated to the advancement of the pharmacy profession. The students seeking group recognition must complete a petition for recognition that includes the organization's goals, proposed charter, by-laws, and a list of charter members. Students seeking assistance with starting a new organization should refer to the MBKU Student Government Association Handbook ([https://my.ketchum.edu/ICS/Students/MBKU\\_Student\\_Government\\_Association\\_\(MBKUSGA\).jnz](https://my.ketchum.edu/ICS/Students/MBKU_Student_Government_Association_(MBKUSGA).jnz)) or contact the Director of Admissions and Student Services.

## Student Participation on College of Pharmacy Committees

College of Pharmacy committee membership affords students an opportunity to impact the direction of the College and their own educational experience. There are several faculty and administrative committees comprised of faculty and student representatives that make recommendations to the Administration on University and College matters. Students are encouraged to participate in committees. If interested in serving on a COP committee, contact the Director of Admissions and Student Services for opportunity details. All students participating on any COP committee must not be on probation.
